Within the framework of preferential subjects, CIGRE encourages the submission of papers representing all aspects of the electric power system including, but not limited to:

Generation, Transmission, Distribution, Storage and End Use.
The main author must be a CIGRE member or collective member staff. Co-authors are not required to be a CIGRE member and may be from a different country.

To become a CIGRE member, contact your CIGRE National Committee

List of Preferential Subjects > click here
See also detailed information about CIGRE Study Committees > click here

The main author shall submit his synopsis for approval to the CIGRE National Committee of his country. Contact your National Committee to know by which date they need to receive your synopsis > click here

Each synopsis, 500 words minimum, must focus on only one subject
Template > click here

The main author will be notified of the selection results by October 2017.

Once completed, send your Full Paper to your National Committee, who will forward it to CIGRE Central Office in Paris. Deadline for receipt of the full papers at CIGRE CO is 15th February 2018. Please, check with your National Committee by which date they need to receive your paper. After reviewing, CIGRE Study Committee Chairmen may ask you to make a few changes or adjustments.

The substance of Papers is included in Special Reports, together with a set of questions. Special Reports are posted on CIGRE website before the Session.

You may prepare answers to these questions if you wish > modalities of these contributions to be specified on the website.

http://cigre.org/Events/Session/Session-2018
The delegates discuss around the set of questions given in the Special Report. Contributions prepared in advance or spontaneous, are presented to the audience.

There is no individual presentation of papers during Group Discussion Meetings.

Presentation of Papers is made by the Authors during Poster Sessions. Presentation is mandatory. Before proposing a Paper, make sure you will attend the Session.

The main author or co-author must register as Delegate at CIGRE Session to attend the Group Discussion Meetings and present papers during the Poster Sessions.

Registrations should be made online before the Session, from mid-January to mid-August 2018 at the latest. No registrations on site in Paris.

Authors should refrain from any commercial advertising
